~~Inspector~~ would consider the question of granting only Rs 5000/- for the improvement of the Shwegu town during the current year as a programme of works is made Contd.

The Dy C has accordingly sent a programme of works to be undertaken this year at a cost of Rs 17,500/ and he has asked for a grant grant of Rs 2000/-

He has stated that there is no likelihood of any failure occurring out of the above grant and that the allotment of Rs 10000/- sanctioned for his District has been distributed among the Town and Minor funds in the District and that no part of it is available for the Shwegu Town

He has further stated that out of the Rs 15,000/- sanctioned for the year 1927-28 for the improvement of Shwegu town, a sum of Rs 14,967-10-9 has been spent and that a sum of Rs 1914-1-9 had to be spent for ~~improvements~~ over the sanctioned estimate, as it was found necessary to acquire more property along with the town originally proposed

The Dy Comr made observations as follows:-

1-

1) Approval to the excess expenditure of Rs 1914-1-9 incurred last October

2) Sanction to the Govt grant of Rs 2000 for the current year as per margin

Out of the recovered balance of Rs 2000/- the following amounts have been demanded:-

1) For the purchase of Survey Instruments - Rs 500

2) Pay of the Draftsman of the Boundary and Town Planning Bureau 360

3) For the D.A payable to the Draftsman of Govt Accountant Committee 200

4) For the improvement of the Survey apparatus town. 200

5) Additional one Ground for Cantonment and Civil Lines 250/- [illegible]

Total Rs 1110/-

It may be observed it is seen that a balance of about Rs 190/- is now available for further allotment

No J 3 C 470 of 27-28

OFFICE OF THE DEPUTY COMMISSIONER,
Shimoga District
Shimoga, dated, 13th September 1928

From

R T KESAVALENGAR, Esq , B A ,
Deputy Commissioner,
Shimoga District

To

R RANGA RAO, Esq , B A , B L ,
General Secretary to Government,
Bangalore

Sir,

With reference to your letter No L 2076/M1 83-28-6 dated 7th September 1928, regarding the Government Grant for the improvement of Shimoga Town for the current year and enquiring if any circumstances existed which would warrant the utilisation of the Town Improvement Grant for purposes of acquisition of properties, I have the honor to state that most of the properties acquired were intended mainly for the removal of congestion and improvement of sanitation in the old Town Properties were also acquired for the formation of one or two new extensions with a view to their eventual disposal after marking them into building sites and the cost was debited to Municipal Funds Acquisition of properties is, I think, a legitimate charge on the Town Improvement Grant, especially in a town like Shimoga where a large number of congested localities in the old town have to be improved and new conservancy roads opened The resources of the Municipality are so slender that it is not possible to meet the charges on acquisition without allowing the other more urgent duties to st...

7

I may submit for the consideration of Government that every attempt is being made to improve the resources of the Municipality by a revision of the taxes and by better control over Octroi Notwithstanding this the loan obligations of the Municipality are heavy on account of the various loans due to Government in connection with the Water Supply and Drainage Schemes and the Municipal finances are consequently incapable of meeting charges on a part of sanitary improvements in the Town It is on account of these difficulties I applied for and obtained special sanction of Government to utilise the Town Improvement Act on works which under ordinary circumstances would have to be financed from Municipal Funds I indicated your kind reference to Government Order No 1450-1 L S G - 5-1 dated the 10th September 1927 and attention is also invited to Government Order No L 2836-7/ L S G-5-19 dated 1st November 1927 in which my proposals regarding expenditure on certain items of work out of Town Improvement Grants were approved These orders of Government thus accord a special treatment to the Nimbagal Municipality which I think should be continued for some time to come In these circumstances I have to submit therefore that besides the usual grant of Rs 15 000/- per year which the Municipality has been getting from Government for the past two years a further sum of Rs 5 000/- may also be allotted There is no likelihood of any lapse occurring out of the grant I am specially referring to this as from the last para of your letter under reply it is not clear whether the grant for this Municipality for this year will only be Rs 5 000/- or Rs 5 000/- in addition to the Rs 15 000/-

The programme of works to be executed during the current

current year will be submitted shortly I may state that the items under acquisition during the current year have been selected mainly with a view to improve the sanitation of the localities concerned and formation of new two circles at the junction of roads - schemes which it will be noticed do not bring in any return to the Municipalit

The details for works included in the item "CIVIL WORKS" referred to in para 3 of your letter under reply are furnished in the statement enclosed herewith

I have the honour to be
Sir
Your most obedient servant

Deputy Commissioner
Shimoga District

To
R Ranga Rao, Esquire, B A, B L,
General Secretary to the Government of Mysore,
BANGALORE

Sir

In continuation of my letter No In 3-C470/27-28 dated 13th September 1928 regarding the Government grant for improvement of the Shimoga Town, I have the honor to state that out of Rs 15,000/- sanctioned for the year 1927-28 a sum of Rs 14,067-10-9 has been spent as per statement attached herewith Though the total expenditure has not exceeded the grant for the year there are a few individual items in respect of which there has been an excess over the estimated amounts originally proposed along with the request for the grant Under acquisition a sum of Rs 1914-1-9 had to be spent in excess of the estimated amount originally sanctioned as it was later on found necessary to acquire a few more properties along with those originally proposed What is now required is to regularise the action taken so far in this behalf and I would request you to be so good as to obtain the sanction of Government in the matter

I enclose herein a draft programme of works costing Rs 17,500/- proposed to be undertaken during the current year exclusive of the survey charges of Rs 2112/- referred to in you letter No L 221/ Ml 87-26-24 dated Ist August 1928 The several items of work and the expenditure proposed to be incurred under the respective heads are shown in the two statements accompanying Statement 'A' shows works

which are proposed to be taken up mainly from a sanitary point of view and which do not bring in any return to the Municipality Statement 'B' shows the properties to be acquired for the improvement of the localities after realignment of roads etc , and forming decent building sites with a view to their eventual disposal and recoupment of the cost thereof

In this connection I beg to submit that as the Monsoon season was most favourable I have carried out certain sanitary improvements which were of an urgent nature and could not be put off, by maintaining special gangs of coolies These men have attended to the work of filling up pits and hollows, draining off little pools of water , widening the roads, clearing drains and opening out conservancy lanes in congested localities Removal of rank vegetation and uprooting lantana and pyklypear was also attended to as it could be done with great advantage and less cost I have spent a sum of Rs 1100/- for the purpose in anticipation of Government sanction Further the services of elephants were indented from the forest department for uprooting lantana and the bill of cost which may come up to Rs 300/- remains to be paid on

I may add that the grant of Rs 10,000/- sanctioned in G O No I 913 P/ 41 19 -28-1 dated 27th July 1928 for this district has been distributed among the town and minor Municipalities in the moffussil and no part of it is available for Shimoga town Hence a request was made for a grant of Rs 20,000/- dated 19th July 1928 and urged again in my letter of yesterday's date

To sum up I request favourable orders of Government on the following points -

(1) Approval of Government to the excess expenditure incurred during 1927-1928 under certain minor head for reasons in the statement

(2) Grant of Rs. 20,000/- for the Shimoga Town Improvement Works during the current year on schemes mentioned in the programme

12

The details for these schemes are available and they will be submitted after they have been scrutinised by the Town Improvement Committee

I have the honour to be

Sir

Your most obedient servant

[illegible]

[illegible]

Statement shewing the works sanctioned and Executed in connection the Town Improvement to Shimoga Town during the year 1927-28.

	Name of works	Amount sanctioned		Amount spent
1	Metalling the Kumbarkere road	240-0-0		343- 0- 0
2	" Chickbrahman Street	1270-0-0.		866- 0- 0
3	" Bigbrahman street	958-0-0		610- 0- 0

	Total		1000-0-0	
15	Acquisition of properties	7250-0-0		9184-11-
	Total		7250-0-0	
16	Reserve	1750-0-0		
	Total		1750-0-0	
	Grand Total.		15000-0-0	

Remarks

Item No 1

The original estimate was sanctioned for metalling the road only in the course of execution of the work it was found necessary to put rough boulders in the slushy portions as per instructions of the Sanitary Engineer Hence the increase in the total cost

Item No 4

The original estimate was prepared and sanctioned for metalling the road only for the length of a furlong In the course of execution it was found that some portions had to be repaired and the level raised by putting earth and side cutting

Item No 8

The estimate was prepared and sanctioned only for spreading and consolidating metal In the course of execution it was found necessary to put some extra metal at the corners which has been formed into a circle

Item No 9

Excess is due to the formation of a road leading from Post Office Uhowk to Bangalore Honnawar Road behind Messrs M A T P & Co

Item No 12

The original estimate was prepared for repairing the two parapet walls, After the road was religned it wasnecessary to shift these parapets to be in a line with the road So the excess is due to reconstructing the walls with some extra materials,

Item No 13

The length of the original parapet walls had to be increased and the road curve eased to avoid danger to the traffic
